At Kings Monkton School we pride ourselves on being an inclusive, caring, and happy school with a tradition of hard work and lots of extra-curricular activities. We strive to ensure that all children reach their potential and get the best educational experience available.

Expectations and Values of our Pupils

The importance of good discipline

A school cannot function effectively unless it is a disciplined environment where pupils can learn and develop to fulfil their potential. At Kings Monkton School, we strongly believe that a successful education depends upon the school providing a supportive atmosphere in which pupils can learn and develop into rounded, caring and responsible young adults.

Good behaviour is essential to ensure that learning and teaching is maximised and all pupils reach their potential.

Aims

- To develop a whole school behaviour policy supported and followed by the whole school community, parents, teachers, children and governors, based on a sense of community and shared values
- By applying positive policies to create a caring, family atmosphere in which learning and teaching can take place in a safe and happy environment
- To teach, through the school curriculum, values and attitudes as well as knowledge and skills. (This will promote responsible behaviour, encourage self-discipline and encourage in children a respect for themselves, for other people and for property)
- To encourage good behaviour by providing excellent role models and a range of rewards for children of all ages and abilities
- To have a clear behavioural policy based upon clear and agreed expectations, values and understanding of what is accepted and expected behaviour within our school.
- To manage issues quickly and carefully so that problems do not persist or escalate.
- To ensure that staff are supported in delivering their lesson and that pupils are given the best educational environment possible in which to learn and maximise their potential.
- To have a policy that realises our mission of giving our children the future they deserve.

Code of Conduct for Pupils

This code applies throughout the school day, whenever pupils are on school premises, whenever pupils are engaged in school activities off site and when pupils are travelling to and from school.

It provides the basic expectations for positive behaviour in corridors, at lunchtimes, break times as well as in classrooms and anywhere on school premises.

- All pupils have the right to expect a high quality education and to feel safe.
- No pupil has the right to disrupt lessons so that teaching and learning are interrupted for other members of the class.
- No pupil has the right to behave in ways that could endanger the safety and welfare of others.

All pupils are expected to:

Follow instructions given in class:	LISTEN TO LEARN
	LEARN TO LISTEN

- Bring the correct books and equipment to school each day
- Show courtesy and respect to staff, visitors, each other and the fabric of the school at all times
- Be polite ... always say please and thank you
- Wear the correct school uniform with pride
- Respect your property and the property of others
- Be punctual to lessons
- Keep the school free from litter

REMEMBER!

'Keep equipment organised in a school bag and use a school locker to store items safely'

School Rules

These can be summarised in 4 simple statements:

1. Respect all members of the school community

Be polite, kind and helpful to teachers, support staff, visitors and other pupils at all times

2. Take care of the school environment

3. Take care of your own property and show respect for the property of others

4. Behave in a sensible manner

Never act in a way that is dangerous to yourself or others. Do not bring anything into school which would disturb the normal school routine or which is not for use in an activity approved by the school.

Mobile Phones

Mobile phones are allowed in school but should be switched off and left in pupil's bags or given to the Office for safe keeping. They cannot be used around the school site.

Reward Policy

Whole School

At Kings Monkton School we value the hard work and effort pupils put into their work and the pride they feel about being a member of our community. It is important that we recognise both individual and team success so that pupils feel encouraged and motivated to always try their hardest.

At Kings Monkton School we run a bespoke and specifically designed online "Reward Point" system (www.classcharts.com). Students are rewarded for their attendance, efforts and achievements in academic, enrichment and citizenship type categories. Students collect reward points, they have their own account that can be accessed from anywhere in the world. Parents also have their own login accounts and can monitor the behaviour and achievement of their child studying at Kings Monkton School.

At Kings Monkton School we have four houses, named after previous Principals – Skerry, Dark, Williams, Shewbrooks and all pupils are allocated to one of these houses. House points are automatically collated by the online reward system. House Captains are selected to organise events and support their houses in achieving additional points in the House Challenges.

At the end of the academic year rewards are given for:

- ✓ The House with the most points;
- ✓ The pupil who gains the most House Points, or contributes above and beyond to their House.

At the end of every academic year the school will award three trophies:

1. The Charity Shield – for the House that raises the most money for their chosen charity;
2. The Sports Cup – for the House that wins the most Inter House sports fixtures and Sport Day events.
3. The House Cup – for the House who has the most House Points at the end of the year.

The School Council is canvassed throughout the year to get an understanding of what prizes and rewards pupils would like as a result of their excellent effort and hard work.

How to get House Points

Teachers award House Points to acknowledge and reward pupils for:

- excellent behaviour
- consideration for others
- achievement
- effort
- outstanding citizenship
- contribution to school life

House Points can be awarded for things that pupils do above and beyond their 'normal' school activities to acknowledge, reward and motivate pupils.

House points awarded to pupils are recorded in their planners and logged onto SIMS. After gaining 15 house points, a pupil is eligible for a **Commendation Card**.

Pupils keep a cumulative record of their credits in their planners throughout the school year.

Certificates are awarded at Presentation Day according to the overall number of credits achieved.

Procedure

House Points may be awarded by any member of staff for a variety of reasons:

- a) Improved work
- b) Consistently diligent work
- c) Excellent class or homework
- d) Improved punctuality
- e) Consistently good timekeeping
- f) Excellent attendance
- g) More than usual helpfulness
- h) Kindness and consideration to other pupils
- i) Achieving goals in behaviour modification

Individual certificates celebrating achievements are awarded throughout the year, for example, achievements in clubs, school matches, young enterprise etc. In addition, teachers give verbal or written praise as often as possible. Pupils are encouraged to display their achievements in and out of school in assemblies and to their classes and teachers.

Sanctions

Sanctions are applied when behaviour of a child interferes with the learning and teaching of the class; causes disruption around the school; or when staff and pupils Health and Safety is affected.

At Kings Monkton School we pride ourselves on the good behaviour and conduct of our pupils. We have clear guidance on what is accepted and expected behaviour within the school, which is shared with pupils and parents to ensure clear boundaries are established.

Stepped Discipline Procedure

Step 1

Small scale issues should be dealt with at the source, either by the classroom teacher or by the member of staff on duty. The issue should be recorded on SIMS under the names of the pupils involved – please be advised that parent WILL BE ABLE to access this information so great care should be taken when entering this data.

Sanctions can include:

1. Note in planner
2. Detention – break/lunch
3. Contact Parents – telephone, e mail or letter (all letters should be checked by the Principal)

Please note, all non-completion of homework should be reported to parents either through the pupil's diary or direct contact, letter, email, phone.

Step 2

If an incident escalates, for example the pupil does not attend a detention, a referral to the Head of Faculty should be made. Both parents and pupils should be made aware of this.

Sanctions can include:

1. Note in planner from the HOF
2. HOF Detention – break/lunch
3. Contact Parents – telephone, e mail or letter (all letters should be checked by the Principal)

Step 3

If the pupil's behaviour does not improve then referral should be made to Marie Sidoli, Head of Pastoral, who will then intervene with the parents and the pupil. A meeting will be held with the pupil and their parents and a behaviour strategy plan will be discussed and agreed. This will be reviewed by Marie Sidoli

after an agreed amount of time and fed back to the parents. At this point a Pastoral Support Programme (PSP) could be put into place.

Step 4

Failure to follow the behaviour strategy plan will result in referral to the Principal – Paul Norton. A meeting will be held with the parents and the pupil to discuss the suitability of the placement of the pupil in Kings Monkton School. Outcomes of this meeting can be:

1. Principal Report and Extended PSP
2. Exclusion – Fixed Term
3. Exclusion – Permanent

It is considered that sanctions 1&2 should be enough to resolve any behavioural issues within the school, and that permanent exclusion is only used in very rare circumstances. However, when these sanctions fail; for example, the pupil fails to respond to the Behaviour Action Plan; the behaviour falls well below the expectations of our school; or the pupil is excluded more than once on a fixed term basis; then they will be referred to the Disciplinary Panel.

Follow up behaviour

The Form Tutor should review instances each week recorded on the SIMS system. If a pupil has had three or more incidents in that week then the Form Tutors should contact the parents to make them aware of the situation. Again, this information should be recorded on SIMS and Marie Sidoli made aware of it via email.

Sanctions can include:

1. Form Tutor Report
2. Detention Extended over lunch

Major Incidences

For major issues these Steps can be skipped and the pupil immediately referred to Marie Sidoli or Paul Norton, Step 4 on the procedure. Major incidences can include:

1. Swearing at a member of staff
2. Bullying
3. Putting oneself, or others, in danger
4. Complete non-compliance
5. Smoking, drinking alcohol or using illegal substances

This is not an exhaustive list but an example of the type of incidences that could warrant a move to Step 4.

It is important to note that, at Kings Monkton School, we have a zero tolerance with regards to foul or abusive language to members of staff or other pupils.

Pupils caught smoking, drinking alcohol, or coming onto the premises drunk will be excluded from the school.

Pupils caught using illegal substances on premises, or entering the school under their influence, will be permanently excluded from school and have the matter referred to the police.

Appeal against a decision to exclude

In the case of exclusion, parents have a right of appeal to the Academic Board. Any such appeal must be made in writing within 5 working days of receiving written notification of the exclusion. The decision of this panel will be regarded as final.

Academic Board

In extreme cases, where permanent exclusion is being considered, the parent(s) and child will be invited to attend a meeting with the Disciplinary Panel; made up of the Proprietor, Mr Paul Norton or Mrs Karen Norton, a parent member of the Academic Board and a Staff Member of the Academic Board. A meeting will be convened to discuss the suitability of the child's placement at Kings Monkton School and will consider:

1. The ability of the school to meet the child's needs;
2. The class and other children within the school and the impact on their learning and development;
3. Staff welfare.

The Panel will be advised by key people within the school including (where appropriate); the ALNCo; Assistant Headteacher for Pastoral and Wellbeing; Head of Sixth Form; Primary Deputy Head.

Possible Outcomes:

The Disciplinary Panel will assess the situation that is discussed during the meeting and will listen to the concerns of the school and the parent(s). When considering a way to move forward the Panel can:

1. **Extend the fixed term exclusion** – this can be useful if the child would benefit from additional time outside of school to visit health care professionals or gain additional support from external agencies;
2. **Agreed Phased Return** – where parent(s) and the Panel agree a phased return, up to 3 weeks, where the child can be re-integrated within the school slowly to assess behaviour and impact on others. A structured behavioural plan and review period would be agreed and adhered to. Failure to meet this plan would result in permanent exclusion.
3. **Permanent Exclusion.**

The decision to permanently exclude will only be taken when:

1. The school feels it cannot meet the needs of the pupil and their place within the school is detrimental to the learning and teaching of other pupils;
2. When the pupil has conducted themselves in such a way that they have breached a major incidence within this policy i.e. bringing drugs onto the premises; or contravened safeguarding controls.

The decision of the Disciplinary Panel is final and there is no right to appeal.

Pastoral Support Programme

Pupils who do not respond to school actions to combat disaffection may be at serious risk of permanent exclusion or criminal activity. Such pupils may need longer-term intervention to keep them from dropping out of school altogether and not realising their potential. At Kings Monkton we are an inclusive school and work hard to ensure that all children achieve their best, but it is imperative that they cannot disrupt the learning of others.

When we have a child who is not responding to school sanctions and needs additional support and we feel that we can continue offering that support without affecting others we put into place a Pastoral Support Programme (PSP)

Main principles

The Pastoral Support Programme (PSP) is a school-based intervention to help individual pupils to better manage their behaviour and to identify any support mechanisms which need to be put in place. The PSP should identify precise and realistic behavioural outcomes for the child to work towards.

A PSP does not replace the special educational needs assessment process, although it might well form part of SEN planning for pupils with emotional and behavioural difficulties and be integrated with IEPs.

A PSP is intended as a means of providing additional support to avoid exclusion and must not be developed with the sole aim of excluding a pupil.

A nominated staff member should oversee the PSP. The plan should be short and practical with administration kept to a minimum. A school's ALNCo should be included in discussions on the PSP along with other partners as appropriate.

In constructing a PSP, schools should liaise with all relevant agencies and consolidate planning and monitoring meetings wherever possible.

In drawing up a PSP, the school staff, in conjunction with others, should consider the needs of the pupil taking into account the following:

- Health
- Home circumstances
- Learning needs and attainment levels
- Literacy and numeracy skills
- Other additional learning needs
- Educational history
- Significant personal relationships
- Relationships with staff or fellow pupils, or both
- Significant events
- Individual perceptions of all involved
- Specific behaviours and any patterns
- Attendance

These agreements need to be signed by parents and should involve LA support if the child is on a LA funded placement. The Disciplinary Panel will be kept informed of the PSP and the actions the school is taking to try and support the child.

Physical Intervention

Physical punishments, or the threat of them, are not used. Children are never shaken, smacked, humiliated, intimidated or shamed.

Physical intervention is only used where it is necessary in order to prevent personal injury to the child, other children, and an adult or to prevent serious damage to property. Any incident of this nature is recorded and the parent is informed of the incident on the same day.

At Kings Monkton our Learning Support Assistants (LSAs) are trained in STSS, a positive handling technique used to de-escalate behaviours and physically restrain pupils if necessary. The Principal and Vice Principal are also trained in the use of TEACH.

Parents

As a school we seek to encourage a partnership with parents as we believe that this is the most effective way of helping pupils to develop self-discipline and respect as well as positive patterns of behaviour. Parents can help:

- By recognising that an effective school behaviour policy requires close partnership between parents, teachers and children
- By discussing the school rules with their child, emphasising their support of them and assisting when possible with their enforcement
- By attending Parents' Evenings, parents' functions and by developing informal contacts with school
- By knowing that learning and teaching cannot take place without sound discipline
- By remembering that staff deal with behaviour problems patiently and positively and by supporting the actions taken by the school

Behaviour Modification Policy

At Kings Monkton School most of the children are very well behaved. There are, however, occasions when individual children exhibit behaviour which is unacceptable. The vast majority of this type of behaviour is dealt with in the context of our framework of sanctions and rewards, outlined above. In very rare and extreme cases we use behaviour modification strategies to try to change individual children's behaviour. These are used by all staff.

Each child is different, so it is important that the cause of the behaviour is investigated and plans made to meet individual needs.

A wide range of rewards, tailored to the individual child, are used to reinforce positive behaviour. These can include:

- Change in classroom organisation
- Using different resources
- Awarding credits
- Sharing good behaviour with other children/other classes
- Involving parents at an early stage to make an action plan together

By using a positive system of rewards and reinforcing good behaviour we aim to help children to feel good about themselves and to enable them to modify their behaviour so that they are able to continue as pupils of the school.

School Travel Behaviour Code

All pupils must behave responsibly and safely when travelling to and from school, whether by bus, taxi, train, bicycle, walking or any other way. Pupils must follow the rules in the Welsh Government School Travel Behaviour Code. The school will take action against any pupil who misbehaves on their way to or from school.
